Dear Mr. Vollmering,

In your report of March 16, 2010 on SAT 1 Regional on the lawsuit of six *Free Christians for the Christ of the Sermon on the Mount* against the Protestant-Lutheran Regional Church of Hannover, you have unfortunately resorted to a rhetorical device that in the case we brought before the Administrative Court we characterized as Lutheran or Catholic: the untruth or lies. In case you belong to one of these institutions, this would explain why you untruthfully claim in your report that the sole community that may call itself Christian is the plaintiffs' community of faith. The plaintiffs did not claim this.

It was never a matter of whether the Protestant-Lutheran Regional Church may be Christian or not. It would be nice if it would finally confer honor on Christ and not the despot Luther, as it now does. It concerned the question of whether the church may continue to practice abuse and fraudulent labeling with the name "Christian."

The judges tied to their denomination have allowed the church to nevertheless continue to call itself Christian. Not only in Hannover, but also in a case against the Roman-Catholic Church before the Administrative Court of Freiburg, where it was expressly emphasized that the name "Christian" is not protected.

From this we may conclude that every rascal, criminal, murderer, sex offender and child abuser, every warmonger and pimp, every sex maniac and robber, every weapon producer and weapons dealer, including the political parties that sell weapons, and functionaries of large television broadcasters, whether they lie or tell the truth, every pedophilic priest or pastor, every bishop or cardinal or self-named pope can call himself Christian. Every who feels that he belongs to one of the mainstream churches, no matter what he thinks or does, each one can call himself Christian. And all of them can abuse the name of Jesus, the Christ.

To divert attention from their fraudulent labeling, it is traditional for the mainstream churches to sling mud and lies of the worst kind at others. It is the projection of what the mainstream churches try to keep secret from the citizens behind the fraudulent label "Christian." Apparently not yet enough of their own mud, which the churches, also the Protestant-Lutheran Church, sling at others, has gotten through to the public. But the headlines in the media will surely see to it that this soon changes.

What the projection of the immorality of the mainstream churches at others has looked like in the recent past you can find in the book "Des Satans Alte Kleider," among others.

Very truly yours,

Dr. Gert-Joachim Hetzel
